

Learner Induction

IOSH Level 3 Certificate in Occupational Safety and Health Principles and Practice.

Prior to agreeing to attending the course the learner must be aware of certain requirements.

Whilst there are no mandatory entrance requirements the learning outcomes will require relevant literacy, numeracy and health and safety aspects of this qualification.

The qualification structure has four mandatory units delivered over 80 guided learning hours from the tutor.

In addition, it is expected of the learner to spend approximately another 40 hours of preparation and study.

Assessment consists of one online multiple-choice examination and one online scenario-based assessment.

Learners should be at least 19 years of age and have experience of a working environment and be able to demonstrate English language comprehension at a level equivalent to IELTS (International English Language Testing System) 6.0.

Learners will be made aware of policies such as plagiarism and malpractice, complaints, appeals and equality and diversity and their relevant responsibilities.

If in doubt at all, please discuss with ADLHEALTHANDSAFETY LTD before committing to the course.

ADLHEALTHANDSAFETY LTD is committed to the fundamental principles of ensuring equality, diversity and inclusion.

ADLHEALTHANDSAFETY LTD has a Reasonable Adjustments and Special Considerations policy, and learners can submit a request where required.
